Shelly *Snow* Pordea

An award-winning book, Shelly's 2024 novel turns the patriarchy on its head.

"Fiction, and yet, very real. I was captivated. I was gripped.

I couldn't put it down."

LET'S MEET

SHELLY *Snow* PORDEA

Renowned as a multifaceted creative force, Shelly Snow Pordea wears the hats of a successful novelist, speaker, and publishing consultant. Her literary journey began with *Tracing Time*, a gripping time travel romance novel that consistently holds its place among the top one hundred for the category on Amazon Kindle. Her truest love is spending time with her amazingly supportive family.

As a seasoned speaker and cult survivor, Shelly dedicates her advocacy to recovery, shedding light on the path to healing. In the realm of screenwriting, a personal narrative will take center stage as a fictional adaptation for a series drama, currently in collaborative production with her brother, actor Jon Snow.

Shelly's book, *The Cheating Wife*, delves into a woman's struggle with the lingering aftermath of toxic manipulation and control. A modern-day Scarlet Letter story, she draws from her experiences within a megachurch system, skillfully guiding readers on a journey depicting the real-life struggles of a character grappling with the aftermath of post-traumatic events.
